

BLISTERLINE

Safe accessories for your measuring tasks

All products meet the safety requirements across all measurement categories according to IEC/EN 61010-031: from extra-low voltage up to low voltage; from plugs and sockets to test leads, test pro-

bes, test clips and test adapters. We offer everything you need for the efficient performance of measurement tasks.

Safe. Exact. Reliable.

Type Z4-200

Ø 4 mm Test Lead Set
with Accessories
(6-piece black/red)

Type E4S-250

Ø 4 mm Safety Dolphin
Clips (2 pcs. black/red)

Type E4S-130

Ø 4 mm Safety Test
Leads with Test Probes
(2 pcs. black/red)

Type E4S-270

Ø 4 mm Safety Hook
Clips (2 pcs. black/red)

Type E4S-030

Ø 4 mm Safety Test
Leads – 150 cm – PVC
(2 pcs. black/red)

Type Z4S-150

Ø 4 mm Safety Test Lead
Set "Electrical 1"
(8-piece black/red)

Type E4S-055

Ø 4 mm Safety Test Lead
Set with Accessories
(4 pcs. black/red)

Type E4S-230

Ø 4 mm Safety Crocodile
Clips
(2 pcs. black/red)

Type E4S-280

Ø 4 mm Safety Grabber
Clips
(2 pcs. black/red)

Type E4S-350

Stackable Ø 4 mm
Safety Plugs with Screw
Connection (4 pcs.)

About Stäubli Electrical Connectors:

Stäubli electrical connectors fulfill all expectations regarding advanced contact technology and sophisticated solutions covering the whole range from single parts to highly complex systems.

High performance, long-term reliability and highest mating cycles. For the connection of all types of industrial applications,

test and measurement accessories as well as medical devices and installations, the safety, accuracy and reliability of our products is unmatched. The power transmission and distribution industry counts on our long-term reliable connectors at all voltage levels. The automotive industry relies on our highly efficient-connections for spot welding applications on automotive lines.
