

Static Eliminator Ion Fan

ST-1015

Static Eliminator AC Ion Fan

Features:

- Adjustable ion balance.
- Quickly neutralizes static charges within 2s.
- Adjustable fan speed capable of generating a large-area ion stream.
- Built-in emitter cleaner, easy cleaning.
- Safe and low power consumption heat.

Specification:

ST-1020D

Static Eliminator DC Ion Fan

Features:

- LED Digital display.
- Adjustable ion balance.
- Quickly neutralizes static charges within 1.2s.
- Connect to computer via RS485 port.
- Easy cleaning and replacing of emitter needle.
- Ion deviation alarm (audible).
- High-output voltage alarm.

Model	ST-1015	ST-1020D
Voltage	AC 220-240V~ 50/60Hz	
Power	15W	20W
Air flow	≤2.4m3/min	
Static elimination time	≤2S	≤1.2S
Ion balance	±10V	
Ion balance adjustable	Yes	
Ion balance alarm value range	±15V ~ ±50V	
Effective range	400*1500mm	
Work conditions	Temperature: -5°C~45°C Humidity: <85%RH	
Computer Control	No	Support
Dimensions	146 (L) x85 (W) x238 (H) mm	
Weight(Net)	≈2.98Kg	≈3.16Kg
Installation method	Desktop, Hanging, Clamping
