ST-2090D

Multifunctional Soldering Station

Features:

- 80W soldering station with LED display.
- 2 in 1 design of soldering station and soldering iron stand.
- Using ceramic heater.
- Support temp lock function.
- Support ℃ and ℉ switchable.
- Auto standy and sleep funtion, conserves energy and protect equipment.

Four core Ceramic heater HS-2065A

Model	ST-2090D
Voltage	110/240V AC
Power	80W
Temperature range	80℃～480℃
Temperature Stability	±2℃（in still air，no load）
Temperature unit	℃/℉
Soldering tip type	T900-B
Heater	Four core Ceramic heater HS-2065A
Package list	Main unit (including machine, power cable and handle)x1pc Soldering wire holder x 1pc User manual x 1pc
Standard Packing	Inner box: 200x180x125(mm) N.W.: 0.7kg G.W.: 0.91kg Carton: 12PCS/carton Size: 415x375x390(mm) N.W.: 11kg G.W.: 11.8kg
Applications	● Production line ● Institutes ● Enterprises ● Education and practice ● Maintenance ● Hobby
