Specifications

Hardware

Diagonal Size	21.5"(16:10) IPS
Product dimensions	501*277*8mm(The thinnest part of the machine) with Ultra-narrow bezels
Shell material	SECC
Gamut	100%SRGB
Aspect Ratio	16:9
Brightness (typical)	In-cell Panel : 250-300nits
Resolution	1920*1080 60HZ
Hardware platform	CPU:MTK8183 Architecture: 4*ARM Cortex A73@2.0GHz/4*ARM Cortex A53@2.0GHz
EMCP	RAM: 4G/ROM: 64G
Touch Technology	PCAP (Projected Capacitive COB&G+G) - 10 Point In-cell Touch Capacity
Power Supply Type	Battery: 12V 6000MAH
Speaker & Microphone	Built-in sound chamber speaker 4 Ω 3W*2&Noise reduction MIC 4015

Software

OS	O/S: Android12
	Start animation: Support customization
	OTA: Support
	Language: Chinese (Std.) / Support multi-lingual
	UI: Based on Android standard

Interfaces / Connectors / Controls

Button	Type: Physical buttons; Power button, volume +/-button
Sensor	Support Type: Gravity sensor
Camera	Support type: USB Camera
Interface	Type-C (support OTG)
Stand	Specifications: Chassis (50*340mm) column (36*1000mm) Type: Movable base, rotates 90 degrees left and right, looks up 25 degrees, looks down 15 degrees

Others

Weight	N.W.(Machine/ Stand): 3/12KG (1pcs) G.W.(Total/CTNS): 16.2KG Box Dimensions: 1070x500x300mm (1pcs)
Accessories	Color box*1, Manual*, Power adapter*1: 12V 2.5A
Certification	CCC/CE/FCC
Environmental	0-50℃
