

## CLS COIN RECYCLER SIMPLIFYING CASH MANAGEMENT.

### HIGH SPEED COIN RECYCLING

Coin recycling improves transaction speed, saves labor, reduces mistakes, minimizes service disruptions for refills and simplifies cash management. The CLS Coin Recycler now makes all that possible in the industry's smallest footprint—providing the flexibility to introduce efficient and accurate coin management into an embedded solution or locate it on a counter top. New-found simplicity will improve customer service and increase store profitability.

- Saves labor preparing coins for daily use and processing coins for deposit
- High speed transactions accelerate customers through the transaction queue
- Fast bulk coin loading improves operational efficiency
- High capacity hoppers require fewer refills
- Double locking, fully enclosed system secures the coins and minimizes shrink
- Compact footprint enables a variety of applications
