

TDD-OFM-BF215H-DP-AG

21.5" Bezel-free Open Frame Monitors

Overview

The TDD open frame monitors include bezel-free & flat bezel types, which delivers an industrial & reliable solution with outstanding image clarity and accurate touch response that is cost-effective for OEMs and systems integrators. Embedded eye-catching and rugged bezel with flush front finish structure delivers flat design with high durability and scratch & water resistance. It is available in a wide range of sizes (7" to 55"), offering the versatility for embedded kiosk applications from self-service, gaming, industrial automation to digital signage & healthcare.

Features

- With glass supports thickness up to 5mm
- Embedded design with sturdy metal and **aluminum back cover**
- IP65 (front) for water and dust protection; Flexible mounting in any table, kiosk, or cabinet design
